

In lieu of the usual hotel room pick-up data, here are some Grenadine (registration) and Zoom statistics, just to fulfill your smoffy data needs:

288 memberships were taken through Grenadine.
312 unique individuals logged into Zoom.

Members joined Zoom from 21 countries, with some uncertainty because the Zoom report does not indicate VPN usage. The list of countries participating, ranked in order of the number of individual logins from that country, is as follows:

United States of America
United Kingdom
Canada
Israel
France
Poland
New Zealand
Ireland
Australia

The Con Suite host, Terry Fong, estimates that at peak, there were 80+ members in various break out rooms. Enthusiastic discussions were had about virtual art shows, new Grenadine features, planning for Westercon 74, the Tel Aviv in 2027 bid, and much, much more. Maree Paveltich wrote up a nice little report for us which you can find here.
